

BAREM TEKSTIL

Home Textile Manufacturer

FROM WEAVING TO CONFECTION

Quality Production From Loom to Consumer

At Barem Tekstil, we carry out every stage of home textile production — from weaving to confection — under one roof. At our modern facilities in Denizli, Turkey, we control each step from yarn to finished product.

Our weaving plant, equipped with a wide range of looms, produces sateen, striped, dobby and printed fabrics. Our modern confection line transforms these fabrics into duvet cover sets, fitted sheets, pique blankets, mattress protectors and more.

We reach consumers through our OPAQ brand while offering private-label and export services to our business partners. Our white-striped sateen and optic fabrics have become the preferred choice of the international hospitality sector.
